	Number of Officers	55-57
	Number of Civilians	53-68
	Enlisted Personnel (Including NCO's)	80
		<hr/> 188-205

2. It is necessary to keep in mind that when the work-load is increased, as a result of great influx of patients, convalescent patients (EM and NCO's including M/Sgt's) are utilized for such work as they can perform.
3. Each Air Army (VA) has such a Hospital with facilities to care for from 500 to 700 patients during peace time. In times of war, however, the facilities can be increased to correspond with the increase in the T/O & E of the Air Army. When the Hospital becomes filled to capacity, the ground crew EM and NCO's are transferred to the nearest Army Hospital which is located within the territory of the Air Army concerned. It is also necessary to keep in mind that patients so transferred to the Army Hospital, remain under the jurisdiction of the Air Army Hospital which, in turn, is subordinate to the "VA" (Air Army).
